

International WINE REPORT

JUNE 2017

The **de Villiers Pinot Noir** is extremely impressive showing in this vintage. Seductive aromas of blueberry compote, dark cherries, plum, cassis, and rose petal all come together and soar from the glass. This is a full-bodied Pinot, with dense black and blue fruits that lead into the long dry finish. While this is already quite expressive at this early stage, it also possesses the structure and balance which is required for extended cellaring. (Best 2017-2029) - MD
